- Membership; further discussion regarding expanding membership base. In principle agreed that some for of meeting should be planned once COVID restrictions are eased. Further discussion regarding expanding the scope of the society from one focused on the conservation area to something wider. It has been previously recognised that membership numbers peak with controversial developments in the area ie parking restrictions, RBGE nursery, skate park etc. Mailchimp list to be reconciled with email list of known members. - Space for everyone . Temporary road alterations to Crewe Road and Ferry Road

### Committee membership

- Judith Japp has expressed an interest in joining the committee. **Barbara** to contact her to thank her and accept her offer.

### Planning;

- Inverleith Row- Ian J has received notice of enforcement order issued against the property with a very large shed in the front garden. No further action required
- 31 Howard Place - replacing existing rear extension, planned extension large but considered to be an improvement on the previous extension (which is the process of being taken down). No further action required
